

AKKA METALLIC INDUSTRIES

SANITIZING TUNNEL

In an attempt to contain the spread of the deadly coronavirus, AKKA METALLIC INDUSTRIES LLC, U.A.E designed and manufactured an anti-virus disinfected tunnel which adds value to our government efforts to prevent further outspread of COVID-19.

Disinfected tunnels, basically a small covered corridor which will be installed at main entrance of malls, supermarkets, vegetable/meat markets, offices, police station, schools, banks, ministries and other public places with huge points of crowding.
